COMMITTEEMEN TURNED DOWN

FAIL TO BREAK LEGISLATIVE DEADLOCK.

Action of Governor Deneen in Forcing Resolution Through State Central Committee Further Complicates Situation.

Springfield, Ill., Jan. 12—(Special)—After holding three sessions today the members of the Republican state central committee adjourned to night at 8:30 o'clock, without accomplishing anything toword the breaking of the legislative deadlock.

Governor Deneen addressed the members and urged them to urge the members of the legislature from their district to enter the caucus and on matters of party policy and legislation abide by the decision of the caucus.

The resolution offered by Governor Deneen was passed after Speaker Shurtleff, who had been asked to come before the committee, had refused to discuss the resolution or indicate his attitude thereto.

It is felt on all sides tonight that the convening of the state central committee has only further complicated the situation. Deneen forced through a resolution in the committee at the afternoon session requesting each member of the committee to call upon Republican legislative members in his district and see if they could not be persuaded to enter a caucus.

A report was made at the night session and the roll was called. Mayor Busse reported that he had corraled two more votes for Governor Deneen and the Band of Hope, but otherwise the situation remained unchanged and the effort to use the state committee as a club by which the Shurtleff Republicans could be brought into a caucus, proved an utter failure.

Shurtleff and Democrats.

What has been probably the most strenuous day in Springfield since the deadlock began last Thursday, closed just before midnight with a conference in the speaker's room in the state house, in which Democratic leaders outlined their contentions in the matter of the contest of the election of governor, to the man who wields the gavel over state representatives. For more than two hours Representatives Lee O'Neil Browne, seconded by words from Ross C. Hall, John O. Hruby, Roger C. Sullivan and P. F. Murray, laid the case before the speaker, suggesting various lines of action which lie before the men who are seeking to contest the gubernatorial chair. No definite statement beyond the assurance that all proceedings in the session to morrow will be absolutely fair to every man was given in response by Speaker Shurtleff.

DEATH OF JUDGE LAWRENCE.

Many friends here will sympathize with Mrs. Lawrence and her family in the loss of their husband and father, Judge Joseph H. Lawrence, of Sioux City, Iowa. The death occurred last Friday morning, at their home at Leeds, a suburb of Sioux city.

Mrs. Lawrence, with her daughter, Mrs. Mary Avery, and her son, John Marshall Lawrence, will be recalled as occupying the Bryan house some years ago, when the children graduated from the academy and school for the deaf respectively: and Judge Lawrence used to come down here in those days, although his business required his presence most of the time in Iowa.

Joseph H. Lawrence, a brother of the distinguished divine, Rev. Wm. M. Lawrence, D. D., formerly of Chicago, was born in Brooklyn, N. Y., in 1853, and was graduated from Madison University, New York, in 1875. He was married that year to Miss Dorothy I. Treadway, a beautiful daughter of New York. He studied law in the east, and the young people went to Sioux City in 1883. There he became a judge, and a state senator, of Iowa, and became the possessor of ample means. He soon retired from politics, and, refusing an appointment as circuit judge, devoted himself to the practice of his profession and later to traction interests.

Judge Lawrence was a 32d degree Mason and a man of personal attractiveness and social polish.

The home of the Lawrences was a handsome place and he there conducted a fine stock farm and had other notable features to it.

Judge Lawrence had a splendid library in his home and had collected many articles of interest, notable in the line of antiques and oriental rugs.

BROWNSVILLE TALK IN SENATE

SPEECH DELIVERED YESTERDAY BY SENATOR FORAKER.

Criticises President for Use of Private Detectives in Case—Fails to Secure Voting Date for Bill to Reinstate Soldiers.

Washington, Jan. 12.—A spirited speech by Foraker of Ohio, on the use of private detectives in investigation of the Brownsville affair was a feature of interest in the senate to day. Foraker laid aside his manuscript several times during his address to inject remarks that were pointedly aimed at the president, although he refrained from mention of Roosevelt's name. Evidently referring to the president, he declared men who make charges and insinuations will sometime "be where they can be called to account."

Lodge replied to Foraker's remarks, declaring the use of the $3,000,000 fund appropriated in 1899 as an emergency war fund for the president during the Spanish war, in the employment of detectives in the Brownsville case was not in violation of the law.

Foraker endeavored to have a day fixed for voting on his bill for reenlistment of the discharged soldiers of the 25th regiment, but Warren, chairman of the committee on military affairs, insisted upon postponing such an agreement until a future day.

House.

Working with only a small quorum of members the house to day devoted its entire time to consideration of the District of Columbia appropriation bill. Mann of Illinois, furnished a little diversion for an otherwise dull day by defending the house rules, and this led him into several sharp brushes with Gardner of Massachusetts, one of the so-called insurgents. The district bill was still under discussion when the house adjourned.

The address was received with marked signs of approval After expressing pleasure that the absence of socialists on the board of directors of the Civic Forum permitted him to address the assembly in the role of a missionary among the heathen. STATEMENT BY BONAPARTE

REPLY MADE BY ATTORNEY GENERAL.

Answers That Part of Tillman's Speech in Which He Said Resolution Regarding Oregon Land Grants was Prepared by Bonaparte

Washington, Jan. 12.—Attorney General Bonaparte to night issued a statement replying to that part of the speech of Senator Tillman delivered yesterday in which he declared the resolution in regard to Oregon land grants, introduced by him in the senate Jan 31, 1908, had been prepared by the attorney general and that his "interest in the matter had been first aroused by a desire to purchase some of the timber land."

Bonaparte also replied to Tillman's remark made in the senate last February that he had not bought any land anywhere in the west or undertaken to buy any."

Bonaparte recounts entering suit against the Harriman roads Sept. 4, 1908, the purpose being to forfeit public lands claimed by these roads and declares this fact was well known and could have been verified by any one through inquiry at the department of justice.

The attorney general recalls a visit from Tillman late in January, of 1908, about three weeks before the senator wrote agents in Oregon to "hold in reserve for him eight of the best quarter sections" and a little longer than that period prior to his stating in the senate he had neither bought any land in the west nor undertaken to buy any. At this visit Bonaparte says Tillman wanted information concerning the lands in question. This information was given him, the attorney general says. All this time, Bonaparte alleges, Tillman gave no hint as to his desire or intention to purchase some of the land in question, nor did he know of such a desire on the senator's part until he saw the president's recent letter to Senator Hale. The attorney general says:

"I told him (Tillman) that we deemed it inadvisable to secure congressional action in the form of a resolution empowering the attorney general to claim forfeiture of these lands; and that I feel some apprehension lest such action should be opposed by large interests which it would effect. Tillman then offered to introdue a resolution on the subject if I would prepare one; and I did prepare such a resolution, which was introduced by him and subsequently adopted. During this interview I explained to him it would be impracticable to compel corporations claiming these lands to sell any particular portion of them to any particular person; although of course, if the government could establish forfeiture of rights under the grant, the lands might become afterwards open to entry on the same term as any other portion of the public domain. Of course, if it was, at any time, his purpose to secure some part of the land in question, through arrangements with Reeder and Watkins (agents in Oregon) or otherwise, this forfeiture might tend to promote his individual interest; but I had no reason to credit him with any such purpose, only that he might fulfill his duty as a public officer."

THREE-I LEAGUE.

Directors Fix Salary Limit and Transact Other Business.

Davenport, Iowa, Jan. 12.—Directors of the Three-I league baseball clubs to day fixed the salary limit of individual players at $150 and of clubs at $1,600. The season open May 6 and closes September 16.

HIS MOTIVES WERE MERCRNARY

OPINION OF DEPUTY SHERIFF IN CARMICHAEL CASE.

Thinks Plan Was to Give Impression Victim Was Himself so Wife Might Secure Insurance—Was Victim of Drugs.

Burlington, Iowa, Jan. 12.—When the body of Rev. John H. Carmichael of Adair, Mich., the confessed slayer of Gideon Browning, whom he slew and cremated in the Rattle Run Methodist church, near Adair, Mich., passed through Burlington to night on the way to Port Huron, Mich., from Carthage, Ill., where the preacher committed suicide yesterday, Deputy Sheriff Moore of Port Huron, gave it as hos opinion that Carmichael was entirely prompted to murder Browning by mercenary motives, and that the purpose in the murder was to give the impression he himself was the victim, so that his wife might receive incurance money. Carmichael then planned, the deputy said, in some way to get the money from his wife.

Sheriff Waggoner and Deputy Sheriff Moore of Port Huron, Lieut. Ely Baker of the Detroit police department, and two Chicago detectives arrived at Carthage this morning, identified the body of Carmichael and took charge of it. The detectives, who made a careful examination of the body, discovered, it is said, on one of the legs a number of hypodermic swringe wounds. They later found the syringe with which the wounds were made. This suggested to some that Carmichael was the victim of drugs. In the dead man's pocket was discovered Browning's watch. It was also ascertained the pocket knife with which Carmichael committed suicide was the property of Browning.

The letter left by the suicide to Mrs. Carmichael was made publi to day. In it the parson further accuses himself of cowardice for not staying to face the consequences of his act.

He shows friendship for his wife and children, but there seems to be a coldness in the language used.

Dilligent inquiry has developed the fact that Carmichael in his flight from Port Huron rode on a Burlington train from Chicago to Mt. Pleasant, Iowa, arriving there Thursday morning. He spent Thursday there, intending to go to Donnelson, Iowa. He checked his baggage to that point but missed the train. He had the station agent telegraph to Donnelson to forward his baggage to Burlington, whither he came Thursday night and where he stayed at a hotel until morning.

After breakfast he went to a barber shop Friday morning and had his beard removed, completely changing his appearance. He left for Carthage, Ill., Friday afternoon on a freight train. His suit case which had been expressed to Donnelson, Iowa, was re-checked to Carthage through Burlington, arriving at Carthage Saturday morning. It was from this suit case he removed the articles which composed the package expressed that morning to his brother, M. C. Carmichael at Wellsburg, W. Va.

Nephew Thinks He Was Insane.

Washington, Pa., Jan. 12.—John F. Carmichael of this place, nephew of Rev. Mr. Carmichael, who committed suicide at Carthage, Ill., left to day for Port Huron, Mich. He expressed the belief that his uncle had become insane and while in that condition killed Browning and then ended his own life. Since the tragedy, said Carmichael to day, "I have recalled a conversation with my uncle the last time I saw him, when he told me of a troble in his head which had been annoying him. This thing will shuffle me off some day, he said.

Sent Package to Brother.

Pittsburg, Pa., Jan. 12—M. C. Carmichael of Wellsburg, W. Va., brother of Rev. J. H. Carmichael, when communicated with by telephone to day, said he received this morning a package Rev. Carmichael had expressed to him from aCrthage, Ill., on last Saturday, but that the package did not contain any documents relating to the murder of Browning. Carmichael said he had opened the package in the express office at Wellsburg before several citizens of that place and that the contents were personal. He did not care to state what these were, nor to make any statement on the double tragedy in which his brother played so prominent a part.

Letter to Wife.

Carthage, Ill., Jan. 12.—The following is Carmichael's letter to his wife dated Carthage, Ill., Jan. 9, 1909:

"I'm so tired of being chased that I have written the sheriff telling him all the particulars of that awful tragedy. I cannot tell why it all came about as it did. My money I had kept concealed on my person while Joe was at home and I happened to have it with me on that awful night, so I've plenty of money to use. You know that I did not prepare to leave in such a hurry. Others may not understand it that way. I shall soon be in the hands of state officials, or in those of the judge of all. I wish I had told you or some other friends of the influence that man was having over me, but I feared you would only laugh at the mention of it. If I had not been crazed with fear I would have let Browning know of the deed that night, before I went so far. But I was in a state of terror. I know now that I should have been brave and faced the matter squarely as soon he was dead. I always was a coward and it has robbed me of my judgment. I thought I could get away and hide and then be helpful to you in some way when the excitement should be all over with. ood-bye to you and to each of the children, Caila, Joe and Kirtha."

"P. S.—This is my share of the Axtell property. I shall never need it. In enclose herewith the sum of $185."

Letter to Brother.

Wellsburg, W. Va., Jan. 12.—In his letter to his brother, M. C. Carmichael, a respected resident of this place, Rev. J. H. Carmichael confessed to having killed Gideon Browning in Michigan. He insists Browning exercised hypnotic power over him; expresses sorrow for having shocked his relatives; says he would soon deliver himself to the authorities "or to the judge eternal" that though he was then in a quiet place his conscience was there "and hell itself can be but little more drev." He also mentioned a package sept by express which contained personal matters he thought might be of value to his family.

FOUND GUILTY

Judge Decides Against Hearst Newspaper that Libeled John D. Rockefeller.

New York, Jan. 12.—On the ground publication of their names as responsible heads of the Star Publishing company, which publishes Hearst's New York American, made them personal liable for libelous matter appearing in that newspaper, Magistrate Moss to day found S. S. Carvalho, Bradford Merril and Edward S. Clark guilty of criminally libelling John D. Rockefeller, Jr., and technically committed them to the Tombs prison.

On notice that the defense would apply for a writ of habeas corpus in order to test the validity of the law under which they had been sentenced, the magistrate allowed them to remain in the private reception room of the prison while their counsel went before Justice Davis in the supreme court and obtained the writ.

Upon granting of the writ the defendants were paroled in cutody of their counsel until Thursday morning when argument on the writ will be heard.

The offense for which Carvalho, Merril and Clark were found guilty of criminal libel was publication in the American of an article charging Rockefeller with having been instrumental in instituting a system of peonage by a certain breakfast food company in Illinois. Rockefeller himself took the stand to testify in the case and refused to withdraw the charge even after the newspaper had printed a retraction.

OVER HUNDRED MINERS KILLED

AWFUL EXPLOSION IN WEST VIRGINIA MINE.

Two Weeks Ago Fifty Miners Were Killed in Same Mine—Rescue Paries Unable to Reach Entombed Men—Driven Back by Flames.

Bluefield, W. Va., Jan. 12.—More than one hundred miners are dead as the result of an explosion in the mines of the Lick Branch colliery to day. Two weeks ago fifty miners were killed by a similar explosion in the same mines.

The force of to day's explosion was so great that it was felt on the surface and trees and buildings quivered and a cloud of flame, soot, dust and debris, heavy timbers, broken mine cars and even a massive motor used to haul heavy laden cars were blown from the depth of mine.

A rescuing party was immediately organized, but the flames drove them back, but later they succeeded in penetrating the mine. One of the rescue party came in sight of six bodies, but the party was again forced back.

A later estimate of the number of men entombed is more than 100. The fire in the mine and deadly gases, to say nothing of the awful force of the explosion precludes any chance of rescuing any of the men alive. The main entry of the mine if four miles long, running from one side of the mountain to the other. Debris was blown from both entries, which gives some idea of the tremendous force of the explosion.

FEDERATION OF LABOR.

It was stated, place the labor movement in this country in a similar position to labor in Great Britain.

The question of a home in this city for the American Federation of Labor, in accordance with the action of the Denver convention, was considered and Gompers pointed out that inasmuch as the organization was without funds, it would have to depend upon contributions for that purpose.

PLEASANT SURPRISE.

Mr. William Megginson was very pleasantly surprised last Sunday, Jan. 10, the occasion being the fifty-fourth birthday anniversary. At noon the dining room doors were thrown open and there stood the table spread with plenty of good things to east, which had been carefully prepared by his good wife, then all sat down to the table and seemed to greatly enjoy their dinner. During the afternoon several selections were given on the piano and violin. On Saturday Mr. Megginson received a large number of beautiful birthday cards, which first reminded him of his birthday. Mr. Megginson says that he is very glad that all his children live within five miles of his home, which is the "old Megginson homestead," eight miles southeast of the city. Late in the evening the guests departed wishing Mr. Megginson many happy returns of the day.

ENTERTAINED LODGE MEMBERS.

Members of White Rose Camp No. 2660, Royal Neighbors of America, were delightfully entertained Monday evening at the home of Mr. and Mrs. Thomas Gaitens on North Main street. The evening was spent in a social manner, with some excellent vocal and instrumental music by Mrs. Odem and Mrs. Carl Joquin, followed by an excellent oyster supper served by Mr. and Mrs. Gaitens.

DECLINE TO GIVE TABERNACLE LICENSE

Springfield City Council Vote Down Proposition to Build Sunday Meeting House Within Fire Limits—Heated Argument Ensued When Matter Was Presented—Churches Pledge $6,306.50.

Springfield Journal: After indulging in considerable windy debate, the city council emerged from a parliamentary tangle last night in time to tie another figurative "can" to the figurative "tail" of the Sunday tabernacle proposition.

In other words, the honorable board of aldermen, by a vote of eight to six, declined to grant a permit for the erection of the tabernacle, which the Springfield Evangelistic association proposes to erect at First and Adams street. Some of the aldermen who voted on the declined with thanks side intimated that they would favor the erection of the meeting house for the acrobatic evangelist provided the Evangelistic association would assume all liability for any damages that might accure through the erection of the building and would guarantee the city against any loss of life or property.

This action was not taken, however, until after nearly every councilman present had made a motion, or an amendment, or a substitute dealing with the question and had created a parliamentary tangle unlike anything that has ever been seen before in the council chamber. Aldermen McGrue, who acted as mayor pro tem in the absence of Mayor Reece, was completely snowed under by the avalanches of motions and was so confused that when asked for a copy of the rules of order he handed out a dusty copy of the bible by mistake. How the bible came to be on the mayor's desk will be the subject of aldermanic inquiry later.

The battle over the tabernacle matter was precipitated by the filing of a report from Building Commissioner Hamilton, in which he stated his reasons for refusing to grant the permit for the erection of the temporary building. Among other reasons the building commissioner started that the term "temporary building" is an indefinite one and conveys no meaning as to length of duration. He also believed that the tabernacle proposed to be built would be a menace to life and limb as well as to surrounding property and would hardly come under the definition of "temporary building" as interpreted by the building department.

Pledges of Churches.

The committee in charge of the Rev. W. A. Sunday meetings announce that $6,306.56 has been pledged for the construction of the tabernacle.

The amounts collected from the various churches are as follows:

Baptist—Central, 46 pledges, $556.50; South Seventh Street, 19 pledges, $115; Elliott Avenue, 13 pledges, $92.

Christian—First, 68 pledges, $743; West Side, 25 pledges, $191; Stuart Street, 14 pledges, $76.

Congregational—First, 19 pledges, $162; Plymouth, 8 pledges, $48; Hope, 1 pledge, $5.

Lutheran—Grace, 9 pledges, $69.

Methodist—First, 66 pledges, $810; Kumler, 56 pledges, $646; Douglas Avenue, 80 pledges, $542; Laurel, 13 pledges, $70; German, 12 pledges, $100.

Presbyterian—First 53 pledges, $844; Second, 87 pledges, $1,022; Third, 20 pledges, $130; Fourth, 9 pledges, $21.

United Brethern—Nine pledges, $63.

Total—Six hundred and twenty-seven pledges, $6,306.50.

AGAIN THE DEER.

The question of the tame deer in the central park has aroused considerable interest and a good many are trying to revive their recollections regarding the matter. P. A. Bartlett thinks he has solved the question, but others quite reliable tnink he has not. He says he bought of John Murray of Murrayville in '69 a pair of deer and kept them for some time in the inclosure north of the Athenaeum next to the southwest corner of the square until the following June of '70. The buck would jump out often and get into the park and wander about the country also. Mr Bartlett says he moved to a residence on North Fayette street and built a high fence which kept in the doe and later on she gave birth to a pretty little fawn. The buck would jump over the very high fence occasionlly and follow Mr. Bartlett about town and sometimes, too, he would be cross and people were afraid of him. The doe was very gentle and would walk into the house and lay her head in Mrs. Bartlett's lap. That year Mr. Bartlett sold them to Wash Graff near Prentice and first the buck and then the doe was killed.

'Squire Henderson, who is excellent authority on all historican subjects, says some one sent here a pair of young deer, he thinks to a citizen of the county, and they were put in the park after the iron fence was constructed. Of that he feels quite positive and that must have been later than the dates Mr. Bartlett gives. The squire says they were kept there a number of weeks, or months and then began to wander one going up to the vicinity of the State School for the Deaf and after a while it was killed. Several others partly confirm the squire's narrative and all agree that it must have been later than the time Mr. Bartlett mentions and other deer than the ones to which he refers though he thinks there were no others there than the ones which belonged to him.

Editor Jacksonville Journal.

Dear Sir—In your article of Jan. 9 referring to a meeting of the Jacksonville Baseball association held at the Pacific hotel, I would like to say in my defense that I belong to no class or faction and that I came to said meeting did not know there was any factional feeling among the members of said association. I did not have any knowledge of any strife between Mr. Randall and Mr. Brennan for president of said association. You say in your article I voted for Mr. Brennan for president, which is true, Mr. Randall never telling me he was a candidate and I had no knowledge he had such aspirations until he was placed in nomination by Mr. Franks.

Since being elected as director I have not missed a called meeting, coming in from the country each night willing to do all in my power for a good clean team and a pennant winner.

I very much deplore the necessity of Mr. Fosgate's resignation as president as he was a gentleman well qualified for the position and as Mr. Brennan was next in line, being vice president, it seems in courtesy to him he should have succeeded Mr. Fosgate to that office. You say I doubted the legality of certain proxies held at that meeting. I wish to say I yet doubt one of them, as the holder informs me he did not know when or how he got it or who gave it to him. Now as I detest to belong to any organization where the members are of different factions and business can not be carried harmoniously and on the square I tendered my resignation to take effect at the next meeting. Now I would suggest that a mass meeting of the fans be called and an entire new board be elected, one competent to make baseball a success, and I will be found doing all I can all the time to make it such.

Thanking all the fans who so kindly voted for me for director and wishing the remainder of the board unlimited success, I remain,

Yours respectfully,
W. B. Groves,
Farmer and Ball Fan.

OFFICERS CHOSEN

By Two National Banks of the City.

Ayers National.

The directors of the Ayers National bank met yesterday afternoon and elected officers for the ensuing year. The directors of the bank had a very pleasant meeting and found matters in good shape and everything quite satisfactory. After discussing matters for some time, they proceeded to the election of officers for the ensuing year. The directorate is composed of Messrs A. L. French, C. S. French, R. M. Hockenhull, Albert Crum, J. R. Davis, F. J. Heinl, Wm. Brown, D. Rees Browning and C. F. Leach. The officers chosen were all re-elected and were:

President—A. L. French.
Vice President—R. M. Hockenhull.
Vice President—D. Rees Browning
Cashier—Charles G. Rutledge.
Assistant Cashier—Frank J. Heinl

Jacksonville National.

The stockholders of the Jacksonville National bank met yesterday afternoon and transacted the usual business of the annual meeting. The showing made by the management was quite good and well pleasing to the owners of the stock of the bank. The statement was closely examined and everything showed up well. The stockholders then proceeded to the election of directors and the result was the choice of Messrs Julius E. Strawn, Henry Oakes, A. A. Curry, Iven Wood, Thomas B. Orear, Frank Robertson, James Wood, Thomas Worthington, John R. Robertson. The directors then met and chose as officers for the coming year:

President—Julius E. Strawn.
Vice President—Thomas B. Orear.
Vice President—Henry Oakes.
Vice President—Henry J. Rodgers.
Cashier—John R. Robertson.
Assistant Cashier—W. G. Goebel.

MISSIONARY MEETING.

Monday night Mrs. M. L. Kinney, Mrs. Frank Dawson and Miss Ethel Peters were hostesses to the Young Women's Foreign Missionary society of Centenary church at the home of Mrs. Kinney. The special feature of the occasion was an interesting talk by Mrs. Rev. Don Nichols on her experiences while a missionary to China. The lady, who is a close observer and devoted servant of her Heavenly Master, told many interesting things regarding the Flowery Kingdom and gave many reasons why the gospel should be sent them as rapidly as possible. At the close of the regular exercises a social time was much enjoyed and nice refreshments were served.

PECULIAR RUNAWAY.

Joseph V. Smith, one of the reliable and elderly citizens of the county, said yesterday he had a peculiar runaway with a team hitched to a wagon with a wood rack on it, when the iron fence was about the park. When the horses started he managed to pull them so to one side that they ran for a while in a circle and then started toward the fence and when the wagon struck the curbing about the walk, near the fence, it gave a bound, releasing the double trees and the horses leaped forward and one of them jumped over the high iron fence, landing uninjured on the other side. This is about as strange an experience as one often hears, but Mr. Smith is beyond question reliable and correct.

PUBLIC SALE.

Tuesday, Jan. 19, Charles Leake will sell at his home place, live stock, grain and farming implements the sale to commence at 12 o'clock. Lunch will be served at 11 o'clock. The farm is seven and one half miles northwest of Jacksonville and a mile and a half from Joy Prairie station.

AN ENJOYABLE EVENING.

A social crowd gathered at the home of Jack Fanning, 524 Reed St., recently, it being the 19th birthday of his son Jesse. An enjoyable time was had, dancing being the amusement. Those from out of town were Mike Dowling, wife and daughter, Clark Combs and wife, Carl Mead and Tom Combs.

FIRE FIGHTING

The best fire department on earth is SOMETIMES slow in reaching a fire and making connections. The BEST water system is SOMETIMES short of pressure. In Jacksonville, buildings within three blocks of the engine house have burned down, that might have been saved with 25c worth of chemicals, one charge from a hand extinguisher.

Chemical Extinguishers are NEVER slow and their pressure is NEVER uncertain. They throw a 50 foot stream that no fire can resist. They put it WHERE it is needed, WHEN it is needed, AS it is needed. They are never in some other part of the city, fighting somebody else's fire, when YOU need them.

The TIME to provide them is BEFORE you have a fire, and before you forget all about it again—NOW—for instance.

DOUBTS DEER STORY.

J. W. Moon said yesterday that he thought it very doubtful if deer were ever confined in Central park. He has been familiar with the park and its surroundings since 1872, and says that during that time there has never been a park fence, which would serve to confine deer or other animals.

J. P. Lippincott said yesterday that he could remember nothing about deer in the park, but that he had a distinct recollection of one or more of the animals which were kept on the Athenaeum grounds on South Sandy street.

COLLEGE GIRLS IN SPIRITED RIVALRY

Presenceof the "Beautiful" Cause of Much Merriment Among Students of Senior and Junior Classes of Woman's College—Other Young Folks Enjoy Bob Sled Rides Both In and Out of City.

The enrollment of Miss Snow at the Woman's college was the cause of great excitement Tuesday afternoon, when members of the Senior and Junior classes engaged in a hilarious time, each rivaling for the enjoyment of her friendship and when the melee had ended late in the evening and all were nestled in their cosy beds, they dreamed of stolen class officers, class presidents, oyster soup and bon bons, horses swift of foot, smoothly sliding bob sleds, sparkling snow, jingling sleigh bells and wintry breezes.

Early Tuesday morning it was whispered among the students that bob sled rides had been planned by the Seniors and the Juniors. The Senior class, wishing to be ahead in the game, made their beginning from the college cottage, after having procured the class officer of the Juniors, Miss Kitner. It was not long until she was tucked away in the sled and quick exit was made from the premises. This, however, did not interfere with the plans of the Juniors who also secured their bob sled and minus their class officer also started out.

Both classes enjoyed immensely their ride over the city in the bob sleds secured from Cherry's livery and shortly before 6 o'clock the Juniors drove to Vickery & Merrigan's, where an oyster supper was awaiting them. While enjoying the feast of good things the Seniors drove up and in a very charming manner presented the Juniors with their class officer. Not to be outdone by the "kindness" of the Seniors, the Juniors awaited their chance and while the Seniors were partaking of an excellent menu at the same place, the Juniors surrounded their sled and took their robes and blankets. When the Seniors started for home they missed their blankets and were compelled to make the trip without them. Upon the arrival of both classes at the college, much merriment prevailed. The Senior class broke forth in a song to the tune of "Mary Had a Little Lamb," which ran something as follows:

"The Senior Specials took a bob ride,
On a winter night.
The Juniors also took a ride on the
selfsame night.
The Juniors had an officer, her name
was Miss Kitner;
The Seniors stole the officer and
carried her away.
The Juniors then began to cry and
so they took her back.
They took her back to Vickery's in
time for oyster stew.
Aren't the Juniors slow?
Well I should say so.
Hurrah for Miss Weaver. Hurrah for
Miss Knopf.
Hurrah for Senior Special, who carried Miss Kitner off.

While the corridors of the college were resounding with the song of the Seniors, the Juniors were busy in a consultation meeting, devising some plan whereby they might atone for the loss of their beloved class officer. An embassy was quickly formed and rapid strides were made to the room of the president of the Senior class who was captured amid the plaudits of the under class and she was hurried away to a sequestered spot. Later she was brought forth and again the halls resounded with the song of the Juniors, which was somewhat as follows:

"Where were the covers, where were
the covers,
And where is the president the Juniors carried off.
The Seniors think that they are
smart, that they are smart,
The Seniors think that they are
smart to carry Miss Kitner off.
Where were the covers, where were
the covers,
Where were the covers, the Seniors'
warm old robes.
The Seniors said that we were slow,
that we were slow,
The Seniors said that we were slow,
but they have changed their
mind.
We're wondering if they were told,
if they were told.
We's wondering if they were told,
when they came back from
Vick."

The Seniors were not long in getting next and after a lively scrimmage, regained their class president and in triumph bore here away, thus closing an interesting chapter of college life at the Illinois Woman's college.

At Smith Home.

Twenty young people drove to the home of Mr. and Mrs. Clarence E. Smith, south east of the city last night in a bob sled, where a very enjoyable evening was spent in various amusing games, with an abundance good things to eat. Each one of the party carried a horn and as they passed the houses through the country, a salute was given, as well as when the merry makers left the hospitable home of Mr. and Mrs. Smith, after an evening of rare pleasure. Cree Smith and William Beiber were the instigators of the ride.

CITY COUNCIL

A Very Harmonious Meeting and Important Business Transacted.

The city council assembled last evening at the request of Mayor Bahan and all went smoothly as need be. Only special business was transacted and that went through with neatness and dispatch.

The Proceedings.

The council met in called session with Aldermen Breckon, Hall, Higgins, Govela, Merrigan, Kendrick, Lonergan, McGinnis and Wells present, with Mayor Bahan in the chair.

Before the meeting was called to order Mayor Bahan remarked that Ald. Moore was absent, but might get in on the C., P. & St. L. road and he would like to wait a while for him, but finally began business without him, as it did not seem best to wait.

As soon at the roll was called Ald. Govela said on behalf of the Republican members of the council he moved Ald. Bahan be declared the unanimous choice of the council for mayor..

Ald. Hall seconded and the motion prevailed unanimously.

No remarks audibly or applause.

Ald. Merrigan offered the following:

Whereas, It has pleased Almighty God in His divine wisdom to remove by death the Hon. Charles H. Widmayer, the mayor of our city, it is fitting that we, the members of the city council of Jacksonville, Ill., assembled, pay tribute to the many traits of character the deceased was so abundantly blessed with and endeared him to all classes of people alike.

He was intensely patriotic in the discharge of his public trust and his conduct was ever such that he at all time should have the esteem and confidence of the citizens of this community.

He was progressive in the upbuilding of the municipality and many of its present developments stand as a monument to his enterprise. He was a man of firm conviction, a true and loyal friend, whose kindness of heart was such that he rarely ever refused a favor asked. His ideas were strictly Democratic, he warmly advocated such principles in the government of the nation.

He was a devout member of the church and gave to it his earnest support.

By precept and practice he was devoted to home and his example in this respect was an inspiration.

By his death the citizens of this community have lost a wise and able councillor who was ever faithful to any trust reposed in him and this council a fair and impartial presiding officer.

Therefore, be it

Resolved, As a mark of respect to the deceased, that the city hall be draped in mourning for a period of thirty days and that a copy of these resolutions be spread upon the records of the proceedings of this council and that copies be printed in our daily papers. And it is further

Resolved, That we express to his family and friends our sincere sympathy in this hour of their bereavement.

J. W. Merrigan,
Jos. De Govela,
M. McGinnis,
Committee.

Ald. Wells moved the resolutions be adopted by a rising vote and spread on the record. Carried.

A letter was received from Mrs. Louise Widmayer, expressing sincere thanks to the council for kind and sympathizing action since the death of her late husband.

On motion of Ald. Lonergan the letter was received and placed on file.

The clerk then read the appropriation ordinance.

The mayor suggested sending out the small fire engine instead of the large owing to the wear and severe use of the horses.

Ald. Lonergan favored but feared underwriters would object.

Ald. McGinnis favored the big engine could not get enough water from a 4 inch main.

Ald. Merrigan said the fire department should be kept in the highest state of efficiency.

Ald. Govela said the small engine was good enough if in order.

Ald. Kendrick said the council better go on with the business in hand and not give way to the candidates for office.

Ald. Wells said there should be three horses for the large engine, for it was a regular horse killer.

Referred to the fire committee.

Ald Lonergan thought there should be $300 for the horse exchange fund and it was so made.

Ald. Breckon: "Going to take it out of the vehicle tax fund?"

Two hundred dollars was devoted to a water department horse after some sparring.

The council appropriated $20,000 for water improvement.

A voice: "That sounds like the $20,000,000 deep waterway business"

Regarding the matter of the trunk sewer Mayor Bahan said an effort would be made to secure a liberal appropriation from the state legislature for the purpose.

Ald. Kendrick said it would be well to make the figures $20,000, to look better to the law makers.

Ald. Hall said something should be done for a proper outlet.

Ald. Merrigan said the beginnings were always wrong; the sewers should run north and south.

Ald. Hall. So many candidates are from the third ward the outlet better be there.

Ald. Lonergan said $5,000 would look as well as $20,000. The state owed the city something for taking care of its wards and it was in duty bound to help in this matter.

Regarding the pest house, Ald. Hall suggested it be placed in the third ward.

Ald. Lonergan thought the first ward would be all right, as it had so many other enterprises.

Appropriation was laid over under the rules.

Ald. McGinnis brought up the matter of hours for gatemen for the Wabash and said the men wanted an hour cut off from their day's work, as the last day passenger train goes through at 5:13 p. m. The officials of the road said the council must concur.

Several aldermen expressed themselves in favor.

Ald. Lonergan, seconded by Ald. Wells, moved the r equest be concurred in and the action forwarded to the officials. Carried.

Ald. Govela said he wanted to know what had been done in the matter of lighting railroad crossings.

Mr. Gregory said City Attorney Morissey had been looking into the matter, but he did not know what had been done.

Ald. Lonergon said the roads should pay for lighting the crossings.

The attorney was instructed to see to the matter.

The comptroller's report was read. It was a document of considerable length and quite exhaustive.

Ald. Loonergan moved the report be received and published in both papers.

Ald. Lonergon moved the report thanks to Mayor Bahan for having the council chamber cleaned up. Carried.

Adjourned.

Comptroller's Report.

WAVERLY.

Last Thursday evening, J. Philip Read of the Illinois Conservatory of Music, gave an impromptu organ recital at the First M. E. church. He was assisted by Carl A. Songer, tenor. They were greeted by a large audience, and the music was greatly appreciated by every one present. The following was a part of the program rendered:

Liver Trouble Remedy Free

Any intelligent person can be his own doctor in the ordinary case of liver trouble, for the symptoms can not be mistaken. If the white of the eye becomes yellowish, if the skin becomes sallow, if pimples and blotches appear, if the bowels do not move, if you have sick headache, if you are bilious, you may be sure that your liver is torpid or inactive.

The quickest and surest remedy yet found for the cure of liver trouble or any of its symptoms is Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. This wonderful remedy is not only a laxative, but a tonic as well. It will start the flow of gastric juice, thereby soon enabling the liver to do its work naturally. A bottle of this great liver remedy can be bought of any druggist for 50 cents or $1, and in many cases a single bottle has cured a chronic case.

For example, John W. Lee, 619 S. Pennsylvania ave., Indianapolis, Ind., had a stubborn and very long-standing case of liver trouble, with pimples, blotches, jaundice, etc., and it cured him. Mrs. E. Flinchum, Jackson, Ky., says the same of it. Thousands of families keep it in the house against just such an emergency as you can never tell when some member of the family will need a good laxative.

In order to have you or any other sufferer from the liver make a test of Dr. Caldwell's Syrup Pepsin without personal expense, Dr. Caldwell will send you a free test bottle if you will send your name and address. The sample will show you how pleasant it is to take, how gently it works. It will start you on the cure of your trouble and convince you that you have found a cure. That is the object of the sample, and the doctor urges you to send for it today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 508 Caldwell bldg., Monticello, Ill.

CLEANLY WOMAN

Erroneously Thinks She Is by Scouring Her Scalp, That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff, her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss. — "Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women." — Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful —or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine, made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Col Wyatt of Franklin was in the city Monday.

Misses Amy and Nannie Pinkerton of Palmyra spent Sunday at the home of L. Roy Branom and family.

Miss Grace Sisson of Palmyra spent Sunday with her friends, Miss Jessie Farmer.

Sunday morning the re-opening and dedicatory service was held at the First M. E. church, and in spite of the inclement weather, there was a large crowd present. The following was the program:

Organ prelude.
Hymn.
Prayer.
Anthem, "I Love Thee Oh Jehovah"—Choir.
Scripture lesson, followed by the "Gloria."
Solo, "Oh God be Merciful"—Miss Pinkerton.
Announcement and offering.
Offertory.
Hymn, "All Hail the Power of Jesus Name."
Sermon—Rev. A. A. White, district superintendent.
Dedicatory service.
Hymn.
Benediction.

Rev. Mr. White delivered a most excellent address, so full of lovely thoughts, and hold the attention of all present, from start to finish. Immediately following his sermon the dedicatory service took place. Miss Lucy Carter, president of the Queen Esthers, came forward and in behalf of the members of the Queen Esther Circle, presented the new pipe organ to the church and God's services. Mr. Rohrer, president of the board of trustees, presented the church with all its recent repairs to be rededicated, following this, Mr. Kirkpatrick presented to the church a new pulpit bible, given by Mr. Bates, in honor of his loving wife. Following this the entire church and members were re-dedicated to God in fitting words by Mr. White. The evening service was the rendering of a cantata, "Promise and Fulfillment" —E. L. Ashford, under the direction of the organist and choir leader, Miss Emma Burnett. In spite of the stormy weather, a crowded house was present and much credit and praise is given Miss Burnett for the success of the evening. The opening prayer was led by Rev. M. F. Miller of the congregational church, the closing prayer and benediction by Rev. Mr. White.

THE TRUTH ABOUT KIDNEY TROUBLE

(UREAMIC HEADACHES)

There is a class of headaches that are very persistent and very painful, that are to be suspected where there appears in those cases in which there are decreased or scanty eliminations.

These are usually ugly symptoms and mean that the kidneys are not eliminating the toxins or poisons, and that they are retained in the circulation.

It is in such cases that apoplectic symptoms or drowsiness and convulsions follow.

The central difficulty is again inflammation of the kidneys that has to an extent closed the kidney functions, and it is apparent that reduction of the inflammation will re-open the tubules with gradual restoration.

As the direct effect of Fulton's Renal compound is to abate inflammation in the kidney tissues, it is seen why it is the first thing to be effective in these cases and why failure has been the rule under the old indirect treatment.

The symptoms under the above heading are urgent and permit of no delay, for before this compound was discovered they were nearly always fatal and generally in a few months.

(In such cases hot baths will aid the Renal Compound, as sweating helps to relieve the ureamic condition.)

BOLAND'S

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

neighborhood took advantage of the snow Tuesday evening and enjoyed a bob sled ride to the home of Mr. and Mrs. George Killian. Those in the party were Mr. and Mrs. Charles Cully, Mr. and Mrs. Edward Phillips, Mrs. Mary Wilson, Mr. and Mrs. Clarence Boston and John Petrie.

Oysters were served in various styles and after all were well filled the evening was delightfully spent in games and music. A feature of the evening's entertainment was the placing of a necktie on a "dude," which affords all sorts of mirth. All too soon the hour came for departure when the friends said good-night to their generous host and hostess and betook themselves to their various homes.

COLLEGES NEED SANITARY INSTRUCTION

Dr. E. F. Baker, Representative of the State Board of Health, Heard in Interesting Address at the Illinois College Chapel.

One of the most instructive addresses given before the student body at Illinois college, was heard Tuesday morning, when Dr. E. F. Baker, chief sanitary inspector of the State Board of Health, told of the work along that line. He pointed out the need of a department of sanitary science in colleges and universities. He said that there was no institution now offering any course on the subject and that there was a crying need for experts in sanitation. He showed the important part played by sanitary experts in building the Panama canal in preventing yellow fever and other contageous diseases through their knowledge. He cited an incident where a dairyman, whose through negligence had permitted tuberculosis germs to get into the milk, which was transmitted to the family and tuberculosis became widespread throughout the community. In fact his whole address pointed out the great economic and industrial benefits that have resulted from the development of sanitary engineering and the discoveries in medicine. The students were highly pleased with the address and found much food for thought in the subject as presented.
